Afari Travels & Tours was formally presented with the **Travel Agency of the Year 2026 Award** at the sixth edition of the prestigious **Eko Heritage Awards**, held on **25 July 2026** at the Lagos Oriental Hotel, Victoria Island. Eko Heritage Awards celebrate excellence, culture and contributions to national development. This recognition is both a remarkable honour and a renewed commitment to strengthening trust, professionalism and service excellence across the travel industry.

We are deeply grateful to everyone who voted for us, trusted us with their journeys and continues to believe in our vision. This recognition reflects the confidence of our clients, partners, team members and wider community.

At Afari, we believe travel should be seamless, professional and built on trust. From visa assistance and corporate travel management to personalised holidays, group tours, flights and accommodation, we remain committed to delivering reliable guidance and carefully planned experiences.

We also recognise our responsibility to promote more **eco-conscious and sustainable approaches to tourism**. Supporting responsible travel, local communities and environmentally mindful experiences remains central to our vision of helping more people travel, explore the world and achieve their dreams.

This award celebrates how far we have come, but more importantly, it inspires us to keep improving, innovating and delivering travel experiences defined by **trust, professionalism and positive impact**.
